HILTI

WHAT IS NURON?

Nuron is the all-new 22V cordless platform that connects tools and teams with performance, power and safety to help you to drive profitability. Combined with Tool Park Management and ON!Track, it enhances your tool crib set up allowing you to make more informed decisions.

WHAT ARE THE 4 NURON VALUE PILLARS?

ONE PLATFORM

Hilti Nuron is a connected ecosystem that provides construction professionals with one battery platform and allows to convert jobsite fleets to fully cordless

PERFORMANCE

Hilti Nuron raises the bar for cordless power and offers many advantages for your next generation of cordless tools and applications.

HEALTH & SAFETY

Hilti Nuron provides you with new health and safety features that can help you to reduce accidents on the job site.

TOOL PARK MANAGEMENT

Hilti Nuron, combined with Tool Park Management and ON!Track, provides you with the awareness and transparency to increase your productivity and save cost now, and in the future.
